Beef and Lamb Purchasing Guide for Offal and Variety Meats
Specifications are important

Detailed step by step cutting specifications for all the cuts in this leaflet are available to download from

www.eblex-bpex-export.org.uk
Beef offal and variety meats

Quality Standard lamb, mutton and beef red and green offal as well as variety meats from the carcase come with the guarantee of high safety due to a farm assurance programme. The products are subject to strict veterinary controls at abattoirs and cutting plants, and before shipments. Our exporters have built a strong reputation for quality in the selection, processing, packaging and freezing for more than 130 products from sheep and cattle. In terms of logistics, exporters have built a significant trade to the Far East based on delivering what the local discerning customers want, just in time. Products are available frozen in standard 20 kg lined card boxes and for specific items 10 kg card boxes in full or mixed containers. However, our exporters also pride themselves on their flexibility to adjust to customer requirements in term of product presentation and packaging.

EBLEX出口部协助出口商处理有关贸易发展，市场资讯，深入市场及运销英国肉类等。

The EBLEX Export Department ensures that trade development opportunities in export markets are identified and nurtured through the provision of market information, advice and support to exporters. EBLEX also aims to facilitate trade by securing market access to non-EU markets and to ensure that appropriate protocols and certification are in place to allow trade to take place.
